A COURSE IN MIRACLES

This course teaches that the way to universal love and peace-or remembering God-is undoing guilt through forgiving others. It focuses on healing relationships and making them holy. The lessons intend to serve as road maps for re-training or transforming minds to find inner peace. It helps us to recognize that we can choose how we perceive ourselves and the world about us. “Nothing real can be threatened. Nothing unreal exists. Herein lies the peace of God.”

Saturdays, starting January 26, 2019 9:00 – 10:30 a.m.

METAPHYSICS OF THE BIBLE (New Testament)

The study of Bible Metaphysics is instruction with regard to man appreciating and understanding the nature and being of the Original Creative Power (Spirit, God), as well as learning how to use his creative instrument of thought. The more aware we are of what is taking place in our lives and, more importantly, our role—or soul’s purpose—within it, the better our application to the day-to-day life principle will be.

THE POWER WITHIN YOU

In her book, Louise L. Hay expands the philosophies of loving the self through learning to listen and trust the inner voice; loving the child within; letting our true feelings out; the responsibility of parenting; releasing our fears about getting older; allowing ourselves to receive prosperity; expressing our creativity; accepting change as a natural part of life; creating a world that is ecologically sound; where it's safe to love each other; and much more. She closes the book with a chapter devoted to meditations for personal and planetary healing.
